

REVOX BRAKES & PARTS CLEANER

PRODUCT DESCRIPTION

Revox Brakes & Parts Cleaner is a powerful drying, penetrating, and cleaning product that effectively removes stubborn dirt and various contaminants. Unlike other products, it is formulated with non-flammable CO₂ propellant gas, providing strong spray power that penetrates fine areas and makes it easy to clean hard-to-reach spots.

APPLICATIONS

- Cleaning brake systems and removing brake dust
- Removing oil, grease, and other oily residues
- Cleaning attached components that are difficult to disassemble

HOW TO USE

- Spray performance may be poor at temperatures below 5°C (41°F).
- Avoid using the spray on rainy or snowy days, in environments with high humidity (over 85%), or at low temperatures (below 5°C), as the product may not perform
- Do not apply the product directly. Always perform a patch test before full use.
- For rubber or plastic materials, test on a small area before use.

Important notice: The manufacturers' instructions should always be followed

PRECAUTIONS

- Do not use inside a vehicle.
- Avoid exposure to direct sunlight or heat, as the container may explode.
- Check for any sources of spark in the surrounding area. After spraying a certain amount, allow time for the gas to dissipate before using again.
- Do not spray toward an open flame.
- Do not use near heaters, stoves, or other sources of fire.
- Do not use in indoor areas where fire is in use.
- Do not store in places where the temperature exceeds 40°C (104°F).
- Be sure to ventilate thoroughly after using in an enclosed space.
- Do not throw into fire.
- Make sure there is no remaining gas before disposal.
- Do not store in confined spaces.

**PRODUCT FEATURES**

Flammability	Non-flammable
Form	Liquid
Color	Transparent
Composition	Free from silicone and harmful organic compounds (AOX-free), non-chlorinated
Spray Angle	Usable at 360° rotation
Evaporation Rate	40 (ASTM D3539, n-Butyl Acetate = 100)
Shelf Life	24 months
Packaging Unit	1Box - 15ea
Storage Instruction	Store the product in a well-ventilated, cool, dry, and dark storage area
